GRIP**

**A Plexipave T
ALLSPORT**

A completely new, long wearing, multi purpose court surface from Plexipave,
the acknowledged world leader in tennis court surfacing.

MULTI-PURPOSE COURT SURFACE

Unchallenged Superiority!

ACCLAIMED WORLDWIDE

For years
Plexipave has been
accepted worldwide as the
ideal Championship Tennis Court
Surface.

A tough, long wearing, all weather surface with an
even bounce, all year around.
Plexipave's quality and superior playing characteristics
are unchallenged.

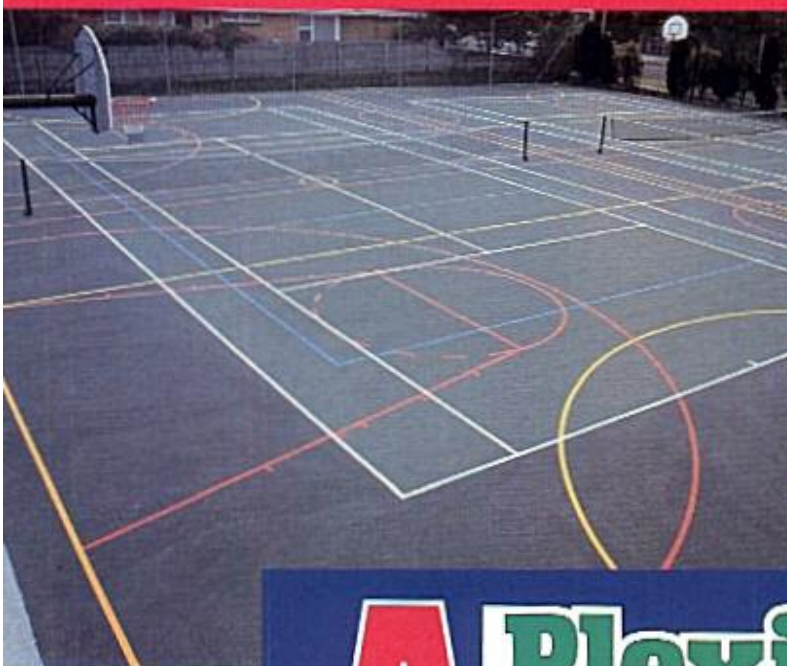

Plexipave's traditional commitment to quality and per-
formance has been extended into an entirely new court
surface, that offers superior grip and traction for Tennis,
Netball, Basketball, Volleyball and other ball sports
Plexipave All Sport.

ALL WEATHER

With all the inherent qualities
of Plexipave, All Sport is an all
weather surface second to none:

- Tough, durable, easy and economical to maintain.
- Easily cleaned with water and mild detergent.
- Weather resistant, ideal for indoor and outdoor use.
- Needs no sweeping, bagging or rolling.
- Surface maintains constant speed and true reaction to bounce and spin.
- Does not become slick and shiny after hard use.
- In depth colour stays rich and attractive for years and years.
- Traction is superb for all sports.
- Dries quickly.
- Anti-glare qualities make it an ideal surface 'under lights'.
- Available in 9 rich colours to complement architecture and surrounds.

For a championship quality court surface suitable for all ball sports,
there's only one choice, Plexipave All Sport.
